## Support Local Business

*A reminder from the HHA Business Committee*

Please support our local business community. Shopping local saves time and gas, and it keeps your money within the neighborhood.

A good starting point would be to consider our business members and sponsors. Our current sponsors are featured in every newsletter and on our web site, [www.houstonheights.org](http://www.houstonheights.org). Our business members are also listed on our web site through the "Area Businesses" tab or directly at <http://www.houstonheights.org/business.htm> and in our semi-annual printed Business Directory.

Thank you for supporting Heights businesses.

## Back-to-School Walking Safety Reminders

Young pedestrians face a wide variety of decisions while walking to and from school. If your child walks to or from school, please review the following safety tips and discuss them with your child.

- Plan a walking route to school or the bus stop. Choose the most direct way with the fewest street crossings and, if possible, with intersections that have crossing guards.
- Walk the route with your child beforehand. Tell him or her to stay away from parks, vacant lots, fields, and other places where there aren't many people around.
- Teach your child to cross at designated crosswalks at intersections.
- Mind all traffic signals and/or the crossing guard – never cross the street against a light, even if you don't see any traffic coming.
- Wear reflective material – it makes you more visible to street traffic.
- Be sure your child walks to and from school with a sibling, friend, or neighbor.

### Child Predators/Strangers

- Teach your child never to talk to strangers or accept rides or gifts from strangers. Remember, a stranger is anyone you or your children don't know well or don't trust.
- Teach your child that if a stranger tries to take them away, they should quickly get away and yell, "This person is trying to take me away," or "This person is not my father/mother/guardian."
- Teach your child that if a stranger tries to grab them, they must make a scene and make every effort to get away by kicking, punching, screaming, and resisting.
- Children should be taught to never leave school with anyone they do not know. They must always CHECK FIRST with you or another trusted adult. If anyone tells them there is an emergency and they want your child to go with them, your child must always CHECK FIRST with you or another trusted adult before doing anything.
- Make sure to teach your child to tell their teacher or another trusted adult if they notice a stranger hanging around the school.
