

The Heights Constable Patrol

The Heights Constable programs for East, West, and North sides have been very successful. Since their inception they have made arrests, responded to numerous alarm systems, provided hundreds of vacation watches, and patrolled thousands of miles. Their presence has been a crime deterrent and response times for alarm and officer calls has decreased. Paid subscribers can also get free home security inspections to review their homes for vulnerabilities. The neighborhood owes a big “thank you” to the more than 750 residents and businesses that have supported this program. It’s time to renew our subscriptions and recruit additional participants for 2011. Tell your friends and neighbors.

Improvements:

Patrolled Heights areas including East, West, and North have merged to form one single area. This greatly simplifies the administration of the program and benefits subscribers because there are three constables backing each other up to patrol the combined area. The combined Heights patrol area will be paid for 6 months at a time under the new contract. **The price for the first 6 months from January 1 to June 30, 2011 is \$155.** That’s just a little over \$25 a month or 85 cents a day.

Summary of Special Subscriber Benefits, in addition to knowing you are making the neighborhood safer:

1. Subscribers get the constable dispatch number.
2. Subscribers can submit vacation watches for their home via the dispatch number or by faxing a vacation watch form.
3. Subscribers can arrange with the constables to have a free home security inspection.

HOW DO YOU SIGN UP?

You can pay by credit card or check. Here’s how. Direct payment inquiries to heightspatrol@houstonheights.org

To pay by credit card visit the Houston Heights Association website.
